We hope everyone has a safe and well-earned break during these September holidays.

School starts again on October 6th for Term 4. We have included a Term 4 calendar to help keep track of a very busy end of year.

**FOOTY DAY**

Tomorrow we have our ‘Footy Day’. Children can come dressed in their favourite footy colours! There will be a parade at 9.00am in our gym.

The School Captains have arranged an ‘Ice Bucket Challenge’ for me. We need to raise $1,000.00 to go towards the Olivia Newton John Cancer Research fund. We ask children to bring a gold coin donation tomorrow and I’m hoping we can raise $999.00! If $1,000 is raised, the challenge will take place at the Footy Parade.

**WORKING BEE**

On October 11th (first Saturday of Term 4) we are holding a Working Bee. We need edging and mulching for our new playground. We also want to move Playground 28. Please come along and help – October 11th 9am – 12pm.

**BOOK IGLOO**

A huge thanks to all the families who have donated books for our Book Igloo. We want to build the Igloo at the Working Bee.

A special thanks to Don Goodchild and Lesley King who have donated lots of books for our project.

**PREP 2014 INFORMATION NIGHT**

On October 16th we are holding an Information Night for current 2014 Prep families. The night will cover supporting children for transition to Year 1 in 2015. Further information will be sent home next term.

*Ian, Leanne, Melinda and Pam*
Butterscotch Apple Dumplings

Ingredients
4 green apples
2 cups self raising flour
Pinch salt
4 teaspoons sugar
120g butter
4 tablespoons water - approximately

For the filling:
90g butter
3 cups brown sugar, lightly packed
2 tablespoons golden syrup
3 cups water

Equipment
Large bowl, sifters, appropriate cups and measures, cutting boards, peelers, cutting knives, ovenproof dish

Instructions
1. Sift flour and salt into bowl, add sugar, rub in butter
2. Add water, mix to a soft dough; a little extra water may need to be added
3. Peel apples, core and cut into 6 pieces
4. Divide pastry into 24 equal pieces
5. Carefully press each piece of dough around each piece of apple
6. Put in ovenproof dish and pour sauce over
7. Bake, uncovered in moderate oven for 20 - 25 minutes

Sauce for serving
1. Combine all ingredients in saucepan and stir over low heat until sugar is dissolved
2. Bring to boil and remove from heat
KILOMETRE CLUB
Just a reminder that every Tuesday and Friday from 8.30am we run a kilometre club. Students, teachers and parents are invited to walk or run the short course. We meet on the back oval at the gate to Masons Lane. It is a great way to start the day and clear the head. Hope to see you there.

CENTREPAY
What is Centrepay?
Centrepay is a free direct bill paying service offered to customers receiving Centrelink payments. Through Centrepay you can choose to have regular money for education expenses e.g. excursions, camps, booklists etc. deducted from your payment.

Why use Centrepay?
Educational expenses can be paid in manageable amounts from your payment, making it easier for you to budget. You won't have to worry about remembering to pay your expenses.

Will it cost me anything?
No, Centrepay does not charge you to transfer the money from your payment.

Can I cancel or change my Centrepay deduction?
Yes, the service is voluntary and you can stop or vary the deduction at any time by calling Centrelink directly.

How do I apply for Centrepay?
You can call in to see our Office Manager, or call or visit your nearest Centrelink Office and ask for a Centrepay deductions form (SA325. 1102).
What's Happening
Years 3 to 6

Preparing today’s students for tomorrow

It might seem unrealistic, but in the not-too-distant future positions like this will be a reality. Victorian schools are partnering with parents to ensure every child is prepared for the jobs of the future.

The What’s Happening series helps you to learn more about how it's being done.

In years 3 to 5, your child will develop a deeper understanding of the relationship between school, home and the world outside their local community. Your child is now becoming more capable of concentrating on tasks for longer periods of time.

Your child will be supported to ensure their primary school years are positive, challenging and improve their confidence about themselves, their learning and their interactions with others. This is a time when schools provide many opportunities for students to take responsibility for their learning and demonstrate their independence.

In the classroom

The curriculum is organised in eight learning areas. English, maths, science, health and physical education, languages, humanities (including history, geography, economics and business), the arts and technologies including design technologies and digital technologies.

There are also general capabilities included in the curriculum to support students to develop their thinking skills, ethical and intercultural understandings, and personal and social capabilities.

Your child’s teachers will continue to build on the knowledge and skills developed in English and maths. They will be made aware of new content and ideas to extend their understanding of and thinking about local and national, people, events and issues.

Students at this stage

- increase literacy and numeracy skills
- build thinking skills and apply these to different topics and contexts being explored
- work cooperatively with others to extend their learning
- participate in physical activities to develop motor and movement skills
- express knowledge and understanding in varied ways, including written, spoken and visual presentations

What you can do

- talk to your child about their day. Ask them “What did you find the most interesting today?” “What was your favourite topic area today?”
- share with the teacher your child’s areas of interest, as this may support your child’s learning.
- speak with your child’s teacher to learn how they will be covering the curriculum for your child as each school tailors this to meet the needs of your child and their peers.
- talk to your children about the topics, themes and areas being taught and have a conversation about it with them.

It is important to remember that each child is different. Some may find parts of their learning program more challenging than others.

Speak with your school if you have any questions about what your child is learning and how they are progressing.

To see how your child is being prepared for their future, visit education.vic.gov.au/futureready
What’s Happening
Prep to Year 2

Preparing today’s students for tomorrow

It might seem unrealistic now, but in the not-too-distant future positions like this will be a reality. Victorian schools are partnering with parents to ensure every child is prepared for the jobs of the future.

The What’s Happening series helps to learn more about how it’s being done.

During the first years of school, your child is encouraged to make sense of the world around them through real-life experiences. When they start school, they will develop more independence, as well as enhance their academic, physical and social skills.

During the first years in primary schools, teachers are focused on a safe and happy environment where students are valued, praised and encouraged. Teachers work to support your child to learn.

In the classroom

The curriculum focuses on developing basic knowledge and skills in English and maths, as well as basic physical and social capabilities which form the basis for future learning. Students are encouraged to express themselves and extend their thinking through the arts.

Varied activities and a vibrant classroom are important for your growing child. It is here that your child can develop positive attitudes to learning, foster friendships and learn to work with others.

During this stage, your child will become more aware of their local community.

Students at this stage

- develop basic literacy and numeracy skills
- develop basic motor and movement skills
- learn to work together in class
- participate in physical activities that build their potential
- express ideas and feelings through art

What you can do

- talk to your child about their day. Ask them “What was your favourite part of school today?” ”What did you find the most interesting today?”
- read books with your child, point out words on signs, and generally help them to enjoy reading
- talk to your children about the topics, themes and areas currently covered in the classroom
- speak with your school to learn how they will be covering the curriculum for your child as each school tailors this to meet the needs of your child and their peers.

It is important to remember that each child is different. Some may find parts of their learning program more challenging than others.

Speak with your school if you have any questions about what your child is learning and how they are progressing.

Make school payments with QkR™ your New Year’s Resolution

Welcome to the new school year from all at QkR by MasterCard: the easy-to-use mobile phone app and preferred payment method for your school.

To our returning QkR families, we welcome you back and thank you for your support last year. Follow our simple tips below to update your child’s class and year details for the new school year.

To any new families, why not try QkR today? QkR saves you time by letting you make all your school payments directly from your smartphone or tablet device (Apple or Android), at a time convenient for you.

New Families: Getting started is easy

**Step 1** Download QkR by MasterCard
on your Android phone or iPhone. iPad users can download iPhone app

**Step 2** Register
Select your Country of Residence as ‘Australia’ and follow the steps to register

**Step 3** Find our school
Scan QR code provided
Or type text label BACCHUSMARSHIPS
If within 4 kms of the school, you can select from “Locations Nearby”

**Step 4** Register your children
When first accessing your school menu, you will be prompted to register your child. This allows you to make school orders on their behalf.

Now you’re ready to order and pay for meals and other items...
