Bacchus Marsh Primary School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

SCOPE

This policy addresses how Bacchus Marsh Primary School aims to prevent and respond to student bullying behaviour. We recognise that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our policies on *Student Code of Conduct* and *Student Wellbeing and Engagement Policy* and Inclusion and Diversity. This policy applies to all school activities, including camps and excursions.

POLICY

Definitions

Bullying

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Other distressing and inappropriate behaviours:

- Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy and Code of Conduct.
- **Mutual conflict** involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.
- **Social rejection or dislike** is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.
- **Single-episode acts** of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Bacchus Marsh Primary School will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.
- **Harassment** is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Further information about these two forms of harassment, including definitions, is set out in our Inclusion and Diversity Policy. Harassment of any kind will not be tolerated at Bacchus Marsh Primary School and may have serious consequences for students engaging in this behaviour.

Bacchus Marsh Primary School will use its *[Student Wellbeing and Engagement Policy](#)* to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

BULLYING PREVENTION

Bacchus Marsh Primary School has a number of programs and strategies in place to build a positive and inclusive school culture. This includes the use of the Positive Education curriculum lessons taught P-6 and the employment of Welfare and Wellbeing staff. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Bacchus Marsh Primary is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour through our Positive Education curriculum and restorative practices.
- A range of year level incursions and programs are planned for each year to raise awareness about bullying and its impacts.
- In the classroom, our PEEC, Positive Education Enhanced Curriculum (social and emotional learning curriculum) teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.
- We participate in the National Day of Action against Bullying and Violence each year.

For further information about our engagement and wellbeing initiatives, please see our *[Student Wellbeing and Engagement policy](#)*.

INCIDENT RESPONSE

Reporting concerns

Bullying complaints will be taken seriously and responded to sensitively at our school. Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

In most circumstances, we encourage students to speak to their classroom teachers. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, principal, assistant principals and wellbeing staff.

Parents or carers who may develop concerns that their child is involved in, or has witnessed bullying behaviour should contact the Student Wellbeing Assistant Principal (Kerrie Van Ravenstein) directly by email bacchus.marsh.ps@education.vic.gov.au or by phone on 5367 2745.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented are timely and appropriate in the circumstances.

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations on Compass and
2. inform i.e. the relevant Year Level Coordinator, Student Wellbeing Team, Assistant Principal, Principal.

Teachers, School Leadership team and/or Wellbeing staff are responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, staff may:

- speak to the those involved in the allegations, including the target/s/victim/s, the students allegedly engaging in bullying behaviour/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When staff have sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with, Student Wellbeing Team, teachers, Principal, Assistant Principals, SSS and Department of Education and Training specialist staff.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Bacchus Marsh Primary School will consider-

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the victim student
- whether the students engaging in bullying behaviour have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in bullying behaviour demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

The school may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the target student/victim or students, including referral to i.e. the Student Wellbeing Team, SSS, and external providers.
- Offer counselling support to the student/s engaging in bullying behaviour, including referral to i.e. the Student Wellbeing Team, SSS, and external provider.
- Offer counselling support to affected students, including witnesses and/or friends of the target student/victim, including referral to i.e. the Student Wellbeing Team, SSS, and external provider.
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Facilitate a process using the Support Group or Restorative Method, involving the target student(s), the students engaging in bullying behaviour and a group of students who are likely to be supportive of the target/s, victim/s.
- Implement disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan or Individual Management Plan restricting contact between target/victim and students engaging in bullying behaviour.
- Provide discussion and/or mentoring for different social and emotional learning competencies for the students involved.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement year group targeted strategies, where required, to reinforce positive behaviours as implemented by the student Wellbeing co-ordinator and teachers with the support of PEEC Positive Education Enhanced Curriculum and DET resources such as Respectful Relationships

The Principal /Assistant Principal is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.

Bacchus Marsh Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.
