

20<sup>th</sup> October 2021

Dear parent/guardian,

Bacchus Marsh Primary School is looking forward to another great year of teaching and learning and would like to advise you of Bacchus Marsh Primary School's voluntary financial contributions for 2022.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

This support allows us to offer an extensive specialist program that sets us apart from other primary schools, including the arts (Visual Arts, Performing Arts and instrumental music), Physical Education and Sport, STEM (Science, Digital Technology, and Design Thinking, all integrated with English and Mathematics), Mandarin Chinese, a unique history space, and our Stephanie Alexander Kitchen and Garden Program.

Foundation and Year 1 students enjoy play-based investigations requiring specialised resources and equipment, and we're very proud of our Technology Maker Space that needs ongoing maintenance, replacement and upgrading of equipment, such as 3D Printers, programmable items and purpose-built furniture and fittings.

We are extremely grateful that this support also enables us to maintain and update our extensive playgrounds and creative outdoor spaces which include a Chinese garden, science garden, outdoor learning spaces, and our developing Bush Tucker Space.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

*Melinda Williams*
