Information and Communication Technologies

Dear Parents and Carers,

Information and Communication Technologies are a priority at BMPS as we value our students being able to use the digital and interactive tools of today's society. Students need to be taught how to make critical choices about the media and tools best suited to particular situations.

BMPS has formulated an Acceptable Use Policy, in line with the Department of Education and Training requirements, which are attached for you to read through.

Also attached is a computer user agreement and permission forms. Please read and discuss this with your child, sign where appropriate, and return with your enrolment.

If you have any queries about this permission form please contact our office.

Thank you in anticipation of your co-operation.

School profile statement

At Bacchus Marsh Primary School we support the right of all members of the school community to access safe and inclusive learning environments, including digital and online spaces. This agreement outlines the School's roles and responsibilities in supporting safe digital learning, as well as the expected behaviours and expectations we have of our students when using digital or online spaces.

At our School we:

- have a **Student Engagement Policy** that outlines our School's values and expected student behaviour. This Policy includes online behaviours;
- have programs in place to educate our students to be safe and responsible users of digital technologies within classroom discussions and whilst following Bacchus Marsh Primary School's eSafety scope and sequence;
- educate our students about digital issues such as online privacy, intellectual property and copyright;
- supervise and support students using digital technologies in the classroom;
- use clear protocols and procedures to protect students working in online spaces. This includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at the earliest opportunity, and other measures;
 - See: [Duty of Care and Supervision](http://www.education.vic.gov.au/about/programs/bullystoppers/Pages/prindutycare.aspx)
(www.education.vic.gov.au/about/programs/bullystoppers/Pages/prindutycare.aspx)
- provide a filtered internet service to block inappropriate content. We acknowledge, however, that full protection from inappropriate content cannot be guaranteed;
- use online sites and digital tools that support students' learning;
- address issues or incidents that have the potential to impact on the wellbeing of our students;
- refer suspected illegal online acts to the relevant Law Enforcement authority for investigation;
- support parents and care-givers to understand safe and responsible use of digital technologies and the strategies that can be implemented at home. The following resources provide current information from both the Department of Education & Training and The Children's eSafety Commission:
 - [Bullystoppers Parent Interactive Learning Modules](#)

Safe, responsible behaviour, Prep – Grade 6

When I use digital technologies I **communicate respectfully** by:

- always thinking and checking that what I write or post is polite and respectful;
- being kind to my friends and classmates and thinking about how the things I do or say online might make them feel;
- not sending mean or bullying messages or forwarding them to other people;
- creating and presenting my own work, and if I copy something from online, letting my audience know by sharing the website link to acknowledge the creator.

When I use digital technologies I **protect personal information** by being aware that my full name, photo, birthday, address and phone number is personal information and is not to be shared online. This means I:

- protect my friends' information in the same way;
- protect my passwords and don't share them with anyone except my parents/carers;
- only ever join spaces with my parents/carers or teacher's guidance and permission;
- never answer questions online that ask for my personal information;
- know not to post three or more pieces of identifiable information about myself.

When I use digital technologies I **respect myself and others** by thinking about what I share online. This means I:

- stop to think about what I post or share online;
- use spaces or sites that are appropriate, and if I am not sure, I ask a trusted adult for help;
- protect my friends' full names, birthdays, school names, addresses and phone numbers because this is their personal information;
- speak to a trusted adult if I see something that makes me feel upset or if I need help;
- speak to a trusted adult if someone is unkind to me or if I know someone else is upset or scared;
- don't deliberately search for something rude or violent;
- turn off or close the screen if I see something I don't like and tell a trusted adult;
- am careful with the equipment I use.

I will use this knowledge at school and everywhere I use digital technologies.
